CONDITION REPORT

The following describes the condition of the watch below, as it was when the watch was included in the catalogue: The Blueprint

Lot 6

Daniel Roth - "First Gen" Platinum Monopusher Chronograph

Condition : A superb example, this very rare platinum monopusher is in very good overall condition, showing only very superficial signs of wear which are consistent with the age of the watch. The dial is in perfect condition, and shows no signs of tarnishing. The hands are also free from any signs of imperfections and have been well preserved. All hallmarks are very crisp and well defined. The movement, including the single-button chronograph function, is in excellent condition and running at time of cataloging.

The condition and relative wear of the watch are faithfully represented in the photographs provided. We invite interested collectors to reach out to info@marteauandco.com with any questions or to request further images.
