CONDITION REPORT

The following describes the condition of the watch below, as it was when the watch was included in the catalogue: The Blueprint

Lot 32

Gerald Genta - Pebble in yellow gold

Condition : Offered in very good overall condition, this very rare Pebble by Gerald Genta shows superficial signs of wear and some oxidization inside the gadrooned ridges of the case, which are consistent with the age of the watch. The mother-of-pearl dial is in perfect condition, and shows no fissures or cracks. The hands are also free from any signs of imperfections and have been well preserved. All hallmarks are very crisp and well defined. The movement is in excellent condition and running at time of cataloging.

The condition and relative wear of the watch are faithfully represented in the photographs provided. We invite interested collectors to reach out to info@marteauandco.com with any questions or to request further images.
