CONDITION REPORT

The following describes the condition of the watch below, as it was when the watch was included in the catalogue: The Encore

Lot 17

Chaumet - Les Pléiades, in white gold

Condition : This very rare white gold version of Les Pléiades Ref. 10A is in very good overall condition. The case shows very little signs of wear, consistent with the age of the watch, adding to its character and charm. Signs of wear are visible but do not detract from its overall appearance. The hallmarks are deep and visible on the underside of the lugs, while the case still retains the original shape and proportions. The two separate discs for the hours and minute indications are all equally well preserved and operating smoothly. The movement is in excellent condition and running at time of cataloging.

The condition and relative wear of the watch are faithfully represented in the photographs provided. We invite interested collectors to reach out to info@marteauandco.com with any questions or to request further images.
