CONDITION REPORT

The following describes the condition of the watch below, as it was when the watch was included in the catalogue: The Encore

Lot 23

H. Moser - Endeavour Perpetual 1, in palladium

Condition : This rare Endeavour Perpetual 1, made in palladium, is in very good overall condition. The case shows only minor, superficial signs of wear on the top of the bezel, otherwise virtually none. The dial and hands are in perfect condition. All hallmarks are very crisp and well defined. The movement, including the perpetual calendar functions, is in excellent condition and running at time of cataloging.

The condition and relative wear of the watch are faithfully represented in the photographs provided. We invite interested collectors to reach out to info@marteauandco.com with any questions or to request further images.
