MARTEAU & CO

CONDITION REPORT

The following describes the condition of the watch below, as it was when the watch was included in the catalogue: The Encore

Lot 40

MB&F - HM5 Zirconium Edition, 1 of 66

Condition : This limited edition HM5 in stainless steel is in great overall condition. The case and lugs show minimal signs of wear, on the side of the watch that displays the time, ironically not the most visible side. The reflective sapphire crystal is in very good condition, free of any imperfections, and the time display is clearly legible. The movement is in excellent condition and running at time of cataloging, and so are the louvres across the top of the case.

The condition and relative wear of the watch are faithfully represented in the photographs provided. We invite interested collectors to reach out to info@marteauandco.com with any questions or to request further images.
